Q What did they tell you what was going on? 9 9 Q (By Mr. Smith) I want to ask you some sort of A They did say we had a lot of people in the 10 1.0 background questions to make sure I understand. So when Holding Cell 7, and there was a lot of ATW folders. ATW 11 11 you come in for the night shift, what time did you means people that are being released out of the jail. 12 12 normally have to get there? Q Okay. And that's helpful for me. So you would have to be probably inside roll So ATW is -- do you know what it stands for, 15 15 call around 5:38. by any chance? 16 Q All right. And you have roll call. What's A No, sir, I did not. 17 17 that like? Q Someone else told me it stood for "all the 18 18 A It was just briefing on what happened about way." Does that ring a bell with you at all? 19 19 the shifts, like, if they had any use of force, if they A I mean, I've thought of something like that, 20 20 took anybody to the ER, 52 watches. Yeah. but no, sir. 21 21 Q Okay. And so just for clarity, when someone's Q I'm wanting to understand what an ATW is 22 22 going back to read this, what is the 52 watch? exactly. You said it's people who are about to be 2.3 2.3 A Basically, when an inmate says that he wants released? 24 24 to kill himself. So we contact the other agency Q 52 is another way for people to say suicide in and say, "Hey, this person is here. When are you guys 8 8 going to be picking him up? Do they hold -- well, we've heard Q So at the briefing, that's when you get your 11 11 assignment for the night too; right? something like "blue folder." - A Yes. So, like, if the ATW folder was on the lieutenant's desk, I would grab them, and he would tell me to fingerprint them, make sure they get out, and after that he would go through it and make sure everything is right, done correctly. And they're processed out.

- A Same thing with the people with those different agencies. There's a different desk for that. We put them on a different -- it's, like, a folder bracket, and it has, like, a logo hold for different agencies. ATW.
- Q Okay. So when you're coming in from the debrief --

Did the preshift briefing give you any priorities that you had to work on when you first got into the booking area that night?

- A Yeah, from my lieutenant, Lt. Daniels. He said work on the ATWs first.
- Q So Lt. Daniels gave you a direct order in terms of what you were supposed to concentrate on?
 - A Yes, sir.
- Q That night you were the booking officer; is that right?
 - A Yes, sir.

dress out. Anything that isn't white, he cannot keep. So he can't have, like, a shirt that has like a logo on it. If it's a shirt all white, he can keep that. Q So the person gets dressed out. And after

would have to take him into a room. He would have to

- they're dressed out, what happens?
- A They place them in the holding cell, and that's when you processed them in.
- Q What steps remain after you put them in the holding cell?
- A You have the mug shots, fingerprint, iris scan. They have to sign their papers saying that this is the property that was taken away from them and properly bagged into the evidence room. And they get their classification wristband on, and that's really about it. After that, after their folder is cleared by lieutenant, corporal, sergeant, then they're good to go to population.
- Q And lieutenant on shift that night was Lt. Daniel?
- Q Do you remember how many of the folks that you were dealing with were ATWs?
 - A I don't remember, but it was a lot, though.
 - Q And when you were processing a file like that,

Page 22

- Q Okay. Were there any other booking officers that night?
 - A No. It was just me, sir.
- Q Okay. Do you know how many people you had to process that night?
 - A No, sir. It was a lot, though.
- Q Yeah. Do they tell you what happened the shift before that people got so backed up?
- A No; they didn't tell us anything of -- like, what happened or anything like that. This was -- just told us was a lot of holding cell, and my mindset, I'm going to get this done.
- Q As I understand it, there's a part of the booking process that happens before you get placed into a booking cell.
 - A Yes, sir.
 - Q What part is that?
- A The intake process. That's where I intake jail-card information: last name, first name, date of birth, time he was in, time he was brought in, charges. Then you would have to take him to Tech 84, which is a machine, like -- I think it's, like, a 3D machine.
 - Q Like, it scans the person?
- A Yes, yes, yes. That's what it's called. And it makes sure he has nothing on him. And after that you

how long does take to do the part after intake? Like, once they've been put in the booking cell, how long does it take to finished the rest of it?

- A It all depends because you have other people that are on the bench. They need to be taken out of the intake bench. So we can't really get too backed up.
- Q At what point do the -- at what point does the inmate get screened by medical person?
 - A Whenever she requires them.
- Q So she can -- that is, the nurse is the "she" you're talking about?
 - A Yes.
- Q So the nurse can come in and say, "Hey, I need to screen this person"?
- A We usually -- we ask her, "Are you ready to start screening?" Or she tells us when she's ready.
- Q Can she screen somebody at any point in the process after the person has gone through intake and in the cell?
- A No. He has to be booked in. His information has to be in the system.
- Q Okay. When you're facing a backlog like that, is there an order of priority between inmates that you use to determine who you should process first?
 - A Well, my Lt. Daniel said -- I got to listen.

Page 24

Do you see where Cell 7 is on the paper on the front first sheet?

 - A Yes, sir.
- Q But he doesn't show up on this list report from 6:00 p.m. That's when your shift started; is that correct?
 - A Yes.

- A Yes.
- Q If there was a 52, the nurse could see that person before they were booked in; is that your understanding?
 - A I don't know about that.
- Q You don't know?
 - A Don't know about that.
- Q All right. At the end of night, what do you do with your reports that you've written on?
- A So usually we would turn them in. But this was before this incident happened. So when this incident happened, we just had to discard them in the shredder.
- Q I'm going to have to ask you to help me understand what it is you're telling me. So was there -- on this particular night, you said you shredded them? Is that what you're telling me?
- A Well, I just threw my papers away. I usually don't shred them. So I usually throw them away.
 - Q Okay.
- A So with these papers, we're not supposed to even have them out of the building. We could just throw

Page 30

- Q Okay. So if I'm understanding what you're telling me, it's just that Ms. Lewis had not yet typed in his card into the system by the point you got on shift; is that what you're telling me?
 - A Yes.
- Q So when you did your head count, you didn't have him listed?

You did a head count when you first come in; is that right?

- A No. So usually -- when I usually do head count, yes. But usually when they're not on my list, I write them down either way. So I go inside the cell: What is your last name? First name? Okay. Cool. First name last, name. Okay. Cool.
 - Q Mm-hm.
- A And then I run that back and include them in my head count.
- Q Okay. So do you remember writing down Ezra's name that night?
 - A I don't remember at all.
- Q Do you remember talking to Ezra when you came onto shift at all night that night?
 - A Don't remember.
- Q Okay. You know, earlier we talked about -- I just wanted to go back so I don't forget this. You said

them away. Yes, sir.

Q Got it.

- A But the only thing they do collect is the post logs.
 - Q Okay. So the logs. Who enters the post logs?
- A Whichever supervisor comes and pick them up.
- Q And those are handwritten by you, the post logs?
 - A Yes, sir.
- Q Okay. What are you supposed to be logging on the post log?
- A So it all depends where you at. When I was in booking, I usually -- I know don't -- usually we don't do anything about post logs. Everybody is all monitored there. ATWs are always kept in check, you know. Check who's the ATW, this and that.
- Q So you actually -- as a booking officer, you didn't have the habit of actually entering any post logs yourself?
- A No, sir.
- Q Okay. So who would do it for the booking area? Who would enter those logs?
- A You don't do no logs for the booking. The only logs you have to do would be for 6A, 6B, or the towers or central to keep count where -- like, inmate

- Q Just want to go back one quick second. When you do a head count, do you radio in the count to the lieutenant or to someone else?
- A So usually booking -- so there's -- the booking deputies take head count. So people call in from, like, what you could call 6A, 6B. They call in head count, and we usually take it down on a piece of paper called formal head count paper. After that we turned it in to the lieutenant. Lieutenant looks over it, confirms it. Head count is clear.
- Q Would the inmate reports suggest -- I'm having trouble sort of kind of squaring it here -- is that the official head count is not counting several people who are physically in the jail at that time? Was that your experience?

So, for instance, you told me Ezra was already in the cell when you came on the shift.

- A Yes, sir.
- Q Okay. The list report doesn't have Ezra's name -- is that right? --
 - A Yes.

very cool. I have no problem with her. That's really about it.

- Q What about Jackson? Had you worked with her before?
 - A Yes. She is actually a very great person.
- Q That's a slightly different answer than you gave for Tracey. What makes Jackson so great?
- A Well, Ms. Jackson was the one who -- when I've had trouble, she always tried to help me out.
 - Q Okay.
 - A Yes.
- Q You're describing like before, everyone watches everyone else's back?
 - A Yes.
- Q Can you give an example of when she was helping you out?

A Like, fingerprinting information. I didn't know how ... how to fingerprint them, like, correctly. sometimes the machine -- when you -- like, I mean the minute would take the print, but, like, sometimes it would just deny the print. So it would be a certain way you would have to, like, move to get their hands, like, adjusted and then print them, and then it will go through.

Q So she was -- she just had more familiarity

Page 34

Q -- for 6:00 o'clock?

What do you do when there's a discrepancy between the number of people that you physically counted and the list? Like, how is that resolved?

- A Like I said, I usually just write them down on the piece of paper first, last name and first name. And --
 - Q Okay.
- A -- I show my lieutenant, "Here. These are people we actually got that are in the system and that these are the people that we don't have in the system, but they are in the holding cell."
- Q He gets your handwritten one so he can see who those folks are?
 - A Yes, sir.
- Q All right. Got it. How often had you worked with Dep. Tracey at that point?
- A It's honestly rare for me to get paired up with her.
 - Q Okay. You had worked with her before, though?
- A A couple of times. Not as many but a couple of times.
- Q And how would you describe her as a coworker to someone else?
 - A To me she was ... she was respectful. She was

with how to use the fingerprint machine to get it to work the first time?

- Q Okay. Was she helping but with that the night that we're talking about in July of 2024?
 - A No.
- Q Okay. What was -- what were Jackson and Tracey doing then in booking that night?
- A Ms. Tracey, I was not really keeping an eye out on. Ms. Jackson, I know she was at the podium. I was done at the fingerprint machine, fingerprinting ATWs that was ready to leave.
- Q That sounds like a pretty specific period of time. So let's back up a little bit.

Were they doing the same general duties that you were doing that night?

MR. BUCKLEY: Object to form.

You may answer.

- A I don't remember, honestly. I was just going to do what I was just supposed to do.

Did you hear Tracey describe Ezra as "what happens when your parents are brother and sister"? A That, I don't know. I don't remember. Q Okay. And at some other point in the shift, I guess, before midnight, I know that inmates in Holding Cell 7 were mashing the intercom button. Can you explain, first of all, like, how does the intercom how does that work? Where does it go? THE WITNESS: So the like, from what? Holding Cell 7? Where does it go?

Q (By Mr. Smith) I'm trying to figure out, like, audibly how close the nurses office is to the cells and to the platform. A I think she's, like no. She is, like, six cells away from the holding cells. Q Okay. For those of us who haven't spent a lot of time in the holding cells, how would you estimate that distance? Like, how long is that? A Ain't good with distance. I'm not going to lie to you. Q That makes two of us then. The booking area, though, is otherwise kind of open; right? A Yes. Q Okay. A Spacious. Q So is it relatively easy to hear someone from one side of the booking to the other? A If you start yelling, yes. Q All right. You weren't the person who did	or so, Ezra Smith's mom called the jail and talked with Dep. Tracey. Were you there for that call? A No, sir. Q My understanding was in at least one of the statements that we saw, the call lasted something like 40 minutes and was on speaker phone. Does that you don't remember any part of that call, though? A No, sir. I don't remember even the call by his mom. Q Okay. Did Dep. Tracey talk with you at all about Ezra's mom calling? A No, sir. Q Okay. Did you hear Tracey describe Ezra as "what happens when your parents are brother and sister"? A That, I don't know. I don't remember. Q Okay. Q (By Mr. Smith) After you heard Ezra say that Q That's fine. Had you -- prior to this night 10 1.0 he was suicidal and Tracey say, "Be a man about it and 11 11 or early morning, as it were, had you ever witnessed do it," what did you do next? 12 12 another suicide or suicide attempt at the jail? A Well, I was still fingerprinting the ATW guy, 13 13 and the guy was still talking to me. The guy didn't A No. I was just there to back one up. 14 14 Q Okay. How early on was that in your time know no English, but he was talking to me in Spanish and 15 15 there? I was talking back to him in Spanish. He said, "What's 16 16 going on?" I said, "Don't worry about it right now. A I don't know. I don't remember. 17 17 Q Okay. Can you tell me a little bit about the I'm just trying to -- we're trying to focus on trying to 18 18 exchange between Ezra and Tracey that night? Like, what get you out, and we're going to fingerprint you." 19 19 Q And this is with Daniel? Is that the guy's was Ezra saying? 20 20 MR. WAYMIRE: Object to form. name? 21 21 MR. BUCKLEY: Join. A The -- the ATW, the guy I was fingerprinting, 22 22 no. I don't know the guy's name. You may answer. 2.3 2.3 A Well, I do remember him saying he was wanting Q Okay. After you finished fingerprinting him, 24 24 to kill himself because he was -- he said he was what did you do next? 25 25 suicidal. A I didn't even get to finish fingerprinting him Page 52 Page 50 1 Q (By Mr. Smith) All right. actually. 2 2 A Ms. Tracey, as I -- him and Miss Tracey were Q Okay. 3 3 going at it. They were both yelling at each other. A It was mid -- like, when I was finishing off Q And at one point did you -- or did you go up his fingerprinting -- we was doing it off the left one 5 5 to the cell at some point? when he -- that's when the whole situation happened, and 6 A I don't remember. that's when I put him in the Holding Cell 8. 7 Q Okay. So they were yelling back and forth. Q That's the holding cell next to the one Ezra 8 If I understand you correctly, they were yelling back was in? 9 and forth; is that correct? A Yes. 10 10 A Yes. Q Did you hear -- well, how did you -- what did 11 11 O And you heard Ezra say that he was suicidal? you hear that led you to take him into the Holding Cell 12 12 A Yes. 8? 1.3 13 Q All right. What did you hear Tracey say after A Well, I remember turning around for a split 14 he said he was suicidal? 14 second, seeing Ms. Tracey as I open the door. And she 15 1.5 A I don't remember too much clearly. yelled out, I believe, "medical emergency" or something 16 16 O Okay. like that. I turned around. I turned around, and I 17 A But I do remember her saying that -- "Well, be 17 grabbed the guy because when a situation like that 18 a man about it. Do it, then." 18 happens, everybody has to be secured. It don't matter 19 Q Okay. After you heard that --19 if you're an inmate or ATW. Everybody has to be 20 Well, first of all, when you heard that, do 20 secured. So everybody was secured. So the two ATWs 21 you remember where you were? 21 were placed in the Holding Cell 8, and that's when I 22 A At the fingerprint machine talking to the --22 went to go help out Ms. Tracey and Ms. Jackson. 23 well, the ATW was talking to me. So that was the only 23 Q All right. And then how did you help them 24 reason I wasn't really paying attention. 24 out? 25 Q Okay. Were you at the fingerprint machine the 25 Just being at the door.

Q Is what we're looking at that we've marked as A Yes. 5 Exhibit 2 -- is this the same supplement you wrote? 6 6 Q Okay. Were you interviewed during the shift A Yes, same one. 7 at all about what happened? Q Ordinarily when you're inputting information for incident reports, when are you supposed to write the A I don't remember. 9 Q Okay. Did you talk to Tracey or to Jackson at incident report? 1 0 10 the end of shift about what happened? MR. BUCKLEY: Object to the form of question. 11 11 You can answer. 12 Q What did you guys discuss? 12 A When the situation happens. When the 13 13 A I don't remember what we said. situation is over, write down your report, your incident 14 14 Q Okay. Looking at Exhibit 2, this -- you agree report, and word it. 15 15 with me, this is an email that you sent to Kevin Tatum? Q (By Mr. Smith) Was there any particular 16 16 A Talking about Lt. Tatum? Oh, yes. reason why your supplement was several days later than 17 17 Q As I understand it, the date that you sent the incident itself? 18 18 that was on Saturday, July 13th; is that right? That's A Well, usually most of the time, I don't get 19 19 what you see at the top there? assisted to, like, post with computers. So most of the 20 20 A Yes. time, I'm assisted to open dorms. Open dorms have no 21 21 type of computer ISD. You're always on your feet; so MR. SMITH: Okay. 22 22 THE WITNESS: 7th of July; right? you don't get a chance to get on the computer. 23 23 MR. SMITH: Yes. Usually -- I'm pretty sure it took me a couple of days 24 24 A Okay. Yes. to finish my report. I had it written down in my 25 25 Q (By Mr. Smith) Did Lt. Tatum ask you to send notebook, but I don't know where that notebook is at Page 54 Page 56 1 him this narrative directly? anymore. 2 2 Q So when you were walking around the jail and A Yes. 3 Q When did he ask you to do that? you had notebook on you? 4 A The day I got interviewed by him. A Yes. 5 Q Okay. What day was that? Q Okay. Just to make sure I understand, was 6 A That, I don't remember. that common practice for everyone to have a notebook on 7 Q Okay. Ordinarily, you know, in the jail when them? 8 8 a medical emergency happens or there's a fight or A No; it was just for me, like, to help me to 9 something like that, you create incident reports; right? assist myself. 10 10 A Yes. Q Okay. In case -- well, one, would this be 11 11 something you'd take home with you? Q Okay. When are you required to enter your 12 12 information for an incident report? A Yes. 13 13 A Whenever you're, like, there, whenever you're Q So this wasn't a notebook you left at work? 14 to assist. I was there to assist only because I think 14 A Unh-unh. 1.5 15 Ms. Tracey was the first one to find him. Jackson was MR. BUCKLEY: you have to say "yes" or "no." 16 16 second. I was there third. I wrote a supplement. A No. No. 17 17 That's what it's called. Q (By Mr. Smith) What kind of stuff did you use 18 18 So Ms. Tracey was the one -- she would have the notebook for? 19 19 been the one to write the incident report, and I would A Just for, like, language, like, to fix my 20 20 have put myself in on the Odyssey. And you would have punctuation on -- for -- like, for myself, my 21 21 to go to the inmate. You had to click on "incident," supplements. Or whenever I have to do an incident 22 22 click "new." You would have to click on the "plus" report, that's -- usually I edit it out. I write down 23 23 button, press "new location, date, name, time." Then go my thing, look back at it again, read it, reread it, 24 24 the narrative and then click on the "plus" sign, say rewrite it, then make it look better on the Odyssey, you 25 25 "new incident" and then click on "narrative" again. And know.

Statement Deputy Gomez #3062

From Raul Gomez <Raul.Gomez@RockdaleCountyGA.gov> Date Sat 7/13/2024 9:20 PM

To Kevin Tatum < Kevin.Tatum@RockdaleCountyGA.gov>

On July 8, 2024 | Deputy Gomez #3062 assigned as Booking Deputy

I Deputy Gomez was in booking with Deputy Jackson as kitchen and Deputy Tracey as Movement Deputy. When we enter booking for our post there was a lot of people to be booked in and there was also ATW that needed to be gone. Our main priority was the ATW so we focused on them first. We finished up most of the ATW holding cell 7. While I was doing ATW folders, I went to get inmate Ladaniel first because his bond was paid and made him into a ATW. While trying to process him into the system inmate Ezra was banging on the door with his feet and hands for 10 mins straight. Deputy Tracey goes down to holding cell 7 and explains why he isn't being processed in the system. Inmate Ezra continues to bang on the holding cell door 7 and yells out I'm suicidal. Inmate Ezra keeps yelling and gets into an argument with Deputy Tracey. Inmate Ezra tells Deputy Tracey; I'm going to kill myself then Deputy Tracey replies back by saying Do it then 4x and also saying I want to see you do it and be a man about. Then booking gets quite for 10 mins. Deputy Tracey checks the cameras and doesn't see inmate Ezra on the cameras. Deputy Tracey then goes down and checks booking cell 7 and finds inmate Ezra Kneeled down with the phone cord wrapped around his neck. Then Deputy Tracey calls out I need emergency help out loud and I deputy Gomez at the moment was taking Fingerprints of ATW Ladaniel. Then I run toward the scene in holding cell then I tell the 2 ATW to go into holding cell 8 and close the door. Then I see nurse Sanchez coming into holding cell 7 and starts CPR on inmate Ezra for 3 mins then Deputy Jackson tags in and does CPR and for 3 mins then L.T. Daniels comes to the scene and tells me to go run and get the nurses. So, I Leave, and I run to the booking door main and as I was opening the door I see the nurse running across the hallway Nurse Smith, Nurse Nypera . So, I deputy Gomez held the door open for the nurse then I run behind them as we arrive the scene Nurse Sanchez is still giving CPR. L.T. Daniels then jumps in and does CPR to inmate Ezra for 2 mins and finally he comes back. Behind me Deputy Renfro 3064 and Deputy Rowe and Cpl Hall arrive at the scene Ms. Lewis the Tec calls for medical help over the phone. Medical help arrives and takes inmate Ezra to the hospital Deputy Little and Deputy Dieudonne follow them to make sure inmate Ezra was okay. L.T. Daniels then takes pictures of evidence, and we sent the inmate work to clean up the mess.

It ensures a review of critical incidents by administration, security, and medical services. The watch is conducted to assure the continued well-being of the inmate. The watch will be documented by Detention staff on the appropriate "Suicide Watch" forms, as well as in Eagle. Notations will be made of any abnormal behavior observed. The watch will be reviewed by the medical staff to determine the need for continuance, at a minimum of every twelve (12) hours.
- When standard issued clothing presents a security or medical risk the inmate is supplied E. with a security garment that promotes inmate safety and prevents humiliation and degradation.
